NUMBER 88.

NORMAL SCHOOL BILL.

Ohio Senate Makes It a Law by Almost Unanimous Vote.

AIDS ATHENS AND MIAMI COLLEGES.

Fellow-Servant Act Knocked Out by the Dunlap Bill Passed by the House—Other Measures in the Legislature.

Columbus, O., March 5.—The senate passed the Seese normal school bill by a vote of 26 yeas to 4 nays, and thus made it a law. It provides for the establishment of normal schools at Ohio university at Athens and at Miami university at Oxford. The measure levies a tax of one-thirtieth of a mill for the purpose of maintaining these schools, or \$65,000 in all. Of this amount seven-twelfths are to go to the maintenance of the school at Athens and five-twelfths to the school at Oxford.

The senate passed these additional bills: Providing for the appointment of an additional stenographer by the supreme court; correcting a constitutional defect in a law governing the Toledo board of education.

Bills introduced: By Mr. Hoose, standard policy bill for fire insurance companies, a measure agreed upon by the leading insurance companies of the country, and is in the direction of uniform legislation in all the states; by Mr. Garrison, authorizing the commissioners of Darke county to levy a tax of \$1,000 for road purposes; by Mr. Pomerene, authorizing village councils to establish depositories for public funds.

Senator Thompson of Franklin introduced an income tax bill, providing for a tax of one-fifth of one per cent on all incomes of \$200 per annum or over.

The senate judiciary committee decided to report favorably on the Klimball bill, passed several days ago in the house, to provide for the administration of the Andrews estate, left by a wealthy New York merchant, who left \$500,000 with which to establish an industrial and educational home for women at Willoughby, Lake county, this state. The estate is valued at \$1,000,000, but the beneficiaries can not get hold of the money. The Klimball bill puts the whole matter in the hands of the attorney general.

In the House.

The Guerin grade crossing bill was passed by the house and it is said that the measure will have easy sailing through the senate. The bill provides that where railroad companies are unable to agree upon the terms and method of crossing each other's tracks, the latter shall be left to the common pleas court for adjustment. The court shall then decide upon terms and methods so as to inflict as little injury to the road to be crossed as possible. Wherever it is possible so to do, grade crossings are not to be allowed.

The Williams bill to authorize Cincinnati to issue \$125,000 worth of bonds with which to improve East Court street was passed. The York bill, permitting corporations to borrow money to the amount of its authorized capital stock also was passed. The Arthur bill, to exclude ministers of the gospel from the elections regulations, which requires citizens to be a resident of a state one year, of a county 30 days and of a township or ward 20 days, was defeated by a decisive vote.

The bill reorganizing the office of the state labor commissioner was passed by the house. It provides deputies and gives them full power to enter workshops and factories and gather statistics for the commissioner. Free employment agents are placed in the five large cities and their salaries will be paid by the state.

The Dunlap bill to make employers liable in damages for injuries sustained by employees passed the house with very little debate. The bill provides that where machinery has not been properly inspected, the responsibility for accident rests upon the company. It practically knocks out the "fellow-servant" act. A proposition to provide for the compilation of a roster of soldiers of the Spanish-American war, passed without opposition. The Pollock bill to require the International Typographical union label on all state printing was defeated by a vote of 50 to 30.

In the Senate.

Washington, March 5.—At the conclusion of routine business in the senate, consideration was begun of the bill making appropriations for legislative, executive and judicial expenses. This is the second of the big supply bills of the government to be taken up in the senate.

GUARDED BY TROOPS.

Streetcars Running at Norfolk at Irregular Intervals.

Norfolk, Va., March 5.—Street cars guarded by troops are running at long intervals here, but no passengers are being carried. All is quiet and it is stated there is no necessity yet for declaring martial law. Four additional companies of the Seventy-first infantry have been ordered out, and this will place the entire command in the field, two battalions being already in service. All obstructions on the tracks were removed by the troops. The soldiers were called upon to disperse a mob at Church and Charlotte streets. Bayonets were used, but it is not known that there was any casualties. W. B. Durdoph, Tom Murray and Samuel Ayres, white, and Tom Jenkins, colored, were arrested by a detachment of the Huntington Rifles of Newport News for tearing up street car tracks.

Officials Sentenced.

Grand Rapids, Mich., March 5.—Ex-City Attorney Lant K. Salsbury and Sailor V. MacLeod were sentenced by Judge Wanty in the United States circuit court. Both pleaded guilty to the violation of the banking laws in connection with carrying a fraudulent check at the old National bank of which MacLeod was formerly teller. Salsbury was given two years at the Detroit house of correction, the limit in his case MacLeod was given the same, although his position as an officer of the bank made the penalty for him more severe. Salsbury is also under indictment by the Cook county grand jury, Chicago, for the alleged embezzlement of a large sum from the Bartons, two Omaha millionaires.

WILL NOT INTERFERE.

President Roosevelt to the Boer Representatives.

Washington, March 5.—Messrs. Wollmarans and Wessells, the Boer representatives who came to the United States from Europe for the purpose of conferring with the president, have achieved their purpose. They were received by President Roosevelt in the library and remained with him about 15 minutes. They called as private citizens and not in their official capacity as Boer representatives. Mr. Roosevelt listened to what they had to say and then informed them that this government cannot and will not interfere in the struggle.

Sugar Bounties Abolished.

Washington, March 5.—The state department has received a reply from United States Minister Townsend at Brussels to its inquiry as to the accuracy of the press reports of the results of the conference of representatives of beet sugar-producing, bounty-paying countries. Mr. Townsend reports that the proceedings were supposedly secret, hence it is not possible to make an official statement of the result of the conference. However, it is the understanding, he says, that the conferees have agreed to abolish all bounties on beet sugar and to adopt a uniform customs tariff on imports of sugar of \$1.16 per 220 pounds, or about a half cent a pound.

Suspect Batson In Jail.

New Orleans, March 5.—Ed Batson of Spickard, Mo., who is charged with the murder of the six members of the Earl family near Welsh, La., and who was recently arrested at Lawrence, Mo., crossed the length of Louisiana in safety and in charge of Sberif Perkins of Calcasieu parish, was safely landed in the parish prison on here. He will stay in New Orleans until his trial is called. Governor Heard is exerting himself to give the prisoner adequate protection. Batson still persists that he is innocent.

Max O'Rell an Editor.

New York, March 5.—Paul Blout, better known as "Max O'Rell," the French journalist and lecturer, has so far recovered from his recent serious illness that he will sail for Europe next Thursday to assume the position of leading editorial writer for the Figaro of Paris, and for the first time in many years expects to settle down there. M. Blout came to this country four months ago to deliver a course of 100 lectures. He delivered six and then broke down in health.

Five Drowned.

Sacramento, Cal., March 5.—Five men were drowned in the Sacramento river. The party, consisting of Dr. J. H. Morton, George Nunes, Clarence Casterson, Elmer Ivory and Knight Lillington, left Cortland, down the river in small boat. Their boat was found in Tules, four miles below Cortland. Near the boat the bodies of the three first names were found. A searching party is dragging for the other two bodies.

Welsh Firms Consolidate.

London, March 5.—A new combination of five Welsh steel firms, headed by Baldwin & Company, limited, of Wlde, is announced from Swansea.

IRE OF THE BLIZZARD

Telegraphic and Train Service Demoralized by the Snow.

FURTHER RISE OF WATERS FEARED.

Ohio Valley and the East Affected and the Storm Threatens to Do Much Damage—Heavy Fall of the Beautiful.

New York, March 5.—Another snow storm which threatens to do much damage started at an early hour and soon eight inches had fallen. The snow was wet and heavy and caused much inconvenience and considerable delay to traffic on elevated and surface lines. On the river the weather was so thick that ferryboats were unable to run at more than half speed.

The snow was accompanied by a moderate wind. Telegraphic service was further demoralized by the storm. The Western Union company reported that it was losing wires in all directions on account of the heavy snow which in some localities was followed by sleet. The train service on the New York Central railroad, which was disorganized by the floods, was further impeded by the snow.

All through trains on railroads having terminus in Jersey City were late in arriving. Many coal trains on the Pennsylvania, Lehigh Valley and Central Railroad of New Jersey are stalled in Pennsylvania, and as a result there is likely to be a scarcity of coal, particularly of the small varieties.

Effect of the Snowstorm.

Cincinnati, March 5.—The Ohio river appears to have reached the limit of the present rise—50 feet and 9 inches. Captain Bassler, local forecast official, says it will be practically stationary for the next 24 hours and will fall slowly on account of the heavy snowfall in West Virginia, Kentucky and southern Ohio. Reports from Kentucky show 10 to 15 inches of snow. At Maysville even omnibus have been compelled to abandon their trips. Here the snow was from three to four inches deep and was accompanied by high wind, which produced many drifts.

Snow in Kentucky.

Louisville, March 5.—The heaviest snow of the season fell in the eastern, southeastern and central portions of the state, the fall reaching four inches. In this city about five inches fell, while Frankfort, Cynthiaville and Lawrenceburg, Harrodsburg and several other towns between eight and 10 inches is reported. In the mountains it is feared that should the snow melt rapidly much damage would be done by high water.

Seven Inches.

Pittsburg, March 5.—Snow in this vicinity is seven inches deep and the street car traffic is almost at a standstill in both Pittsburg and Allegheny, while the cars to and from the suburbs are making but few trips. The railroads are also suffering to some extent and trains are all delayed. The local telephone wires are in bad shape, very few of the city lines being in use.

Worst of the Winter.

Bethlehem, Pa., March 5.—The two Bethlehems and vicinity have been swept by the worst storm of the winter and there is no indication of its abatement. Snow has fallen to the depth of 15 inches and the gale is terrific. All trolley lines centered here have been tied up. Cars crowded with passengers are standing on the Blue mountains, miles from nearest towns.

Street and Rain.

Baltimore, March 5.—A heavy snow storm set in here and turned into sleet and rain. The trolley lines and telegraph and telephone companies are suffering to some extent.

In the House.

Washington, March 5.—The chaplain of the house in his invocation referred feelingly to the death of Representative Polk of Pennsylvania, which occurred suddenly at Philadelphia Tuesday night, and prayed for the bereaved family. The conference report upon the pension appropriation bill was called up by Mr. Barney (Wis.). After a brief debate the report was adopted. The senate amendments to the bill to extend the time for the redemption of internal stamps were disagreed to and the bill was sent to conference. The house then went into committee of the whole and resumed consideration of the bill to classify the railroads free delivery service and place the carriers under the contract system.

New York, March 5.—The prosecution closed its case against Attorney Patrick at the afternoon session of court. It is understood that the defense called about 30 witnesses.

GENERAL HUGHES

On the Part Played by Filipinos Before the Fall of Manila.

Washington, March 5.—General Hughes was subjected to a series of questions by Senator Patterson and other minority members of the senate committee on the Philippines in the course of his testimony before that committee. In reply to these questions he said the Filipino forces would have been of but little assistance if it had been necessary to capture Manila from the Spaniards by assault. The witness said the Filipinos had aided the Americans materially by their knowledge of the country and the accommodations they had supplied, but that the Filipinos have never been considered a part of the fighting force in the operations against the Spanish forces.

Arms For Filipinos.

Victoria, B. C., March 5.—The Manila-American, copies of which have just been received, says it has very good reason for believing that recently a vessel flying the German flag landed Mauser rifles on the coast of Batangas for the use of the insurgents. It is said that the shipment comprised 70 cases, or about 1,400 rifles, with ammunition. The vessel was seen hovering about the coast of Mindoro for several days, finally dropped up to Batangas, almost within sight of Manila, and later disappeared.

About the same time a cargo of arms was landed. In view of the existence of numerous recruiting stations in the district of Manila itself, the American believe these importations are serious.

Destructive Fire.

Aiken, S. C., March 5.—Fire here destroyed nine buildings, comprising a block in the center of the city. A gale was blowing and the flames were fought under great difficulties. There were no fatalities. Several people were injured, however, in Sunnyside sanitarium, which was among the buildings destroyed. In addition to the sanitarium the following structures were burned: Lyceum hall, the Aiken Recorder office and the residence of Mrs. Quash, the Miles Ford and J. H. Loomis. A number of stables were destroyed. The financial loss is not large.

To Wind Up Business.

Lincoln, Ills., March 5.—Further investigation of the failure of the state bank of Elkhart shows the shortage officially given out, to be \$32,000. At a meeting of the stockholders of the bank, J. C. Taylor, the president, acted as chairman. A committee of three was appointed to go to Springfield to confer with Attorney General Hamlin and Auditor McCulloch regarding the best and safest method for the stockholders to make an assessment on their stock, pay the creditors, discharge all liabilities of the bank and close the bank's business.

American League.

Detroit, March 5.—The magnates of the American League are in session here at the Griswold House. The adoption of a playing schedule and playing rules for next season is the principal business before them, according to President Johnson, who said that he did not know of anything else of importance to be considered.

Increased the Bill.

Washington, March 5.—The senate committee on appropriations concluded consideration of the executive, legislative and judicial appropriation bill for the next fiscal year. The committee added \$315,525 to the expenditures provided by the bill as it passed the house, making the total \$25,490,195.

To Make a Showing.

St. Petersburg, March 5.—The students and workingmen here are secretly preparing for a monster demonstration, to take place March 7 in front of the Kazan cathedral. They hope to get 20,000 men through the military cordons and reach the center of the city.

Miss Roosevelt's Visit.

New York, March 5.—Miss Alice Roosevelt, accompanied by Harriet Blaine Beale, will leave Washington Sunday night for Florida, and will sail Tuesday from Fort Tampa for Havana. They go to visit Governor General and Mrs. Wood and will remain in Cuba two or three weeks.

Mayor Suicides.

Georgetown, O., March 5.—Judge Louis F. Walther, ex-probate judge of Brown county and mayor of Georgetown, committed suicide by hanging himself with a strap. He attempted to end his life a short time ago but was prevented. It is supposed he was financially embarrassed.

Prey For Flames.

Kenton, O., March 5.—Christopher Lintz's blacksmith shop, Thomas Bowman's house and barn and Otto Hessberger's house were destroyed by fire.

LEADER SHOT DEAD.

Attempted Revolution in Servia Ends in Disaster.

PARTICIPANTS ALL UNDER ARREST.

Relative of the Pretender to the Throne the Principal in the Corp. Demand of French Miners—Foreign.

Belgrade, Servia, March 5.—An extraordinary attempt to start a revolution was made at the frontier town of Shabats, by a raid under the leadership of Alavantics, a relative of Prince Karageorgovich, the pretender to the Servian throne. The only result was that the Alavantics was killed and his adherents arrested.

Alavantics, with a band full of followers, arrived at Shabats from Milotovs, wearing the uniform of a general in the Servian army and called to the frontier guard to follow him. The latter, not suspecting that anything was wrong, accompanied the supposed general to the town hall, where Alavantics ordered the men of the fire department to join him. The procession proceeded to the gendarmerie barracks, where Alavantics paraded the gendarmes. Two of the latter, however, whose suspicions were aroused, escaped and apprised their commander, Captain Nikolic. The latter, when he arrived on the scene, called on Alavantics to produce some document as authority for his actions, whereupon the would-be revolutionist leader fired a revolver at Captain Nikolic and slightly wounded him. Nikolic promptly shot and killed Alavantics, whose followers were arrested.

Baldwin-Zeigler Expedition.

Copenhagen, March 5.—Letters dated from Franz Josef land, Aug. 17, have been received here from the Danes who accompanied the Baldwin-Zeigler Arctic expedition. The vessel arrived at Franz Josef land, after trying experiences, with all our board well. The America intended to winter at Franz Josef land and then proceed northward until stopped by the ice, when the party on board of her was to start toward the north pole. Mr. Baldwin hoped that the America would reach 83 degrees north.

Maud Gonne Story Denied.

Paris, March 5.—The officials of the foreign office and of the British embassy here unite in denying the truth of the report circulated in the United States that Miss Maud Gonne had aroused the English colony by her revolutionary speeches and that the British ambassador, Sir Edmund J. Monson, had made a formal complaint against her utterances, claiming they were treasonable.

Demand Eight Hours.

Calais, France, March 5.—The national congress of French miners has passed a resolution by a vote of 124 to 105, to the effect that the miners must proceed to obtain an 8 hour day by an immediate general strike without further negotiations with the government.

Danes Protest.

Copenhagen, March 5.—New petitions are being circulated by the opponents of the sale of the Danish West Indian Islands to the United States for presentation to the legislature. They probably will have no effect.

Another Canal Obstacle.

Washington, March 5.—Every fresh turn in the development of the Isthmian canal project discloses a new obstacle. It now appears that the protocols negotiated last spring with Nicaragua and Costa Rica do not cover those countries' attitude on the terms upon which they were prepared to enter into permanent treaties with the United States regarding the necessary rights for canal construction, are no longer of effect. Conditions have changed since then, and whenever the balance of opinion seems to incline toward the one route or the other for the canal, the government interested in the favored route suddenly hardens its terms and is disposed to abandon past agreements. Therefore, it will be necessary to draw up new protocols.

To Fight Tobacco Trust.

Richmond, Va., March 5.—The Imperial Tobacco company of Great Britain, formed in opposition to the American Tobacco company, has decided to open an office in Richmond. Announcement is made that Welford C. Reed will be the representative of the British company in this city and William Thomay of Lynchburg will do all the buying in

SENATOR COX voted against the Capital Removal bill. He did the proper thing in voting to end this agitation. Now for an appropriation for a new capitol.

A NUMBER of active Republicans propose to have a daily newspaper in Louisville which shall be distinctively Republican in politics. These Republicans claim the Commercial has been more of an injury than an aid to the party. They propose, therefore, to have a paper of their own. Articles of incorporation will be filed at once. The capital stock will be \$200,000. Kentucky Republicans are up against it when they can't depend upon papers flying their colors.

THE movement to slice a chunk off Carter and Rowan counties and make a new county of the pieces is dead'n a doorknob. The proposition to name the new county "Beckham" is what paralyzed the promoters and pulverized the project.—Public Ledger.

The Ledger shouldn't be in too big a hurry. A press dispatch from Frankfort indicates that the hill is very much alive. The dispatch says:

Senator Pritchard's bill creating the county of Beckham out of parts of Lewis, Carter and Elliott will be favorably reported to the Senate. Olive Hill is named as the county seat. The bill contains the following provisions:

"For the purpose of selecting and acquiring grounds upon which to erect and maintain all necessary public buildings for said county, a board of three commissioners is hereby created, to be known as 'Beckham County Public Building Commission.' The said commissioners shall be appointed by the Governor of the State within ten days after this act takes effect; but said commissioners shall not all be of one political party, and in case of a vacancy in said board such vacancy shall be filled by appointment made by the Governor."

The measure will not only be favorably reported, but it contains an emergency clause and will likely be a law within the next thirty days.

WORK FOR VETERANS.

Resolutions Adopted by Jo. Heiser Post, G. A. R. of This City.

At the last meeting of Joseph Heiser Post, G. A. R., the following resolutions were adopted, and have been forwarded to Congressman Kehoe and Senator Deboe:

WHEREAS, It is the duty of every member of the Grand Army of the Republic to aid and assist our comrades in every manner possible; and whereas, the building of some of our naval vessels in the Government Navy Yards by the Government employees will largely increase the sources of steady employment for all veterans, by reason of the preference that is given them in the employment of mechanics and laborers at all the navy yards; therefore be it

Resolved, That our Representatives in Congress are requested to use all the means in their power to have enacted a law directing the construction of a naval vessel at each of the Government Navy Yards having the necessary facilities to perform the work; and, further

Resolved, That a copy of these resolutions be published in our local papers and be sent to our United States Senators, our Representatives in Congress and the Honorable Secretary of the Navy, requesting co-operation with us in securing the passage of such a law.

River News.

Pittsburg lost \$100,000 by the flood she had.

Look for another rise when the big snow reaches the stream.

The coal combine expected to start 2,500,000 bushels from Pittsburg Wednesday.

For Rent.

The third floor over Murphy's jewelry store; suitable for lodge or factory purposes. Room is seventy-one feet long by twenty-three feet wide. Apply to

MURPHY, the Jeweler.

Henry W. Young has sold to Wm. Fristoe a house and lot in Sixth ward for \$1,000.

Ella N. and Robert C. Kirk have sold to Thomas Marshall about 100 acres on Clark's Run for \$3,732.75.

Innes and his band delighted the audience at opera house Wednesday afternoon with their charming music. Many who had bought tickets, some of them living in the city, were unable to reach the opera house on account of the snow storm. The attendance was light.

Poyntz Bros. are the only Maysville distillers selling pure liquors by the quart, gallon or barrel, direct from distillery to consumer. Seven-year-old whisky \$2 per gallon. Age and quality guaranteed. Get the best. Office 126 Market street—Watson's old stand.

A WHITE SALE

Usually when merchants want to emphasize a special sale of any kind they offer to give more for the money than you can possibly get elsewhere. Now we propose to do just the reverse. The lawns, dimities, organdies, laces and embroideries we will have on sale this week, beginning March 5th, are so fine and sheer, in buying them you will get less weight and thickness than you could easily procure elsewhere for the same amount of money. All the desirable white fabrics are here—the best of each kind and the very prettiest we could find. This spring and summer will be predominantly a white season. White shirt waists and gowns will be more popular than ever. A sensible popularity it is. White fears neither sun nor wash.

Fashions for cotton goods are now assured and this is a good time for sewing—before the lassitude of spring and the rush of house cleaning. These are some of the favorite fabrics:

French Lawn, 48 inches wide, 50c. and 75c. yard.

French Organdie, 68 inches wide, 25c. to \$1 yard.

Swiss Muslin, 32 inches wide, 15c. to 50c. yard.

Dotted Swiss Muslin, 30 inches wide, 25c. to 50c. yard.

French Nainsook, 45 inches wide, 15c. and 25c. yard.

India Linen, 32 inches wide, 6c. to 25c. yard.

White Pique, 30 inches wide, 15c. to 50c. yard.

Fancy and Lace Striped Lawn, 30 inches wide, 8c. to 50c. yard.

Mercerized Madras, 30 inches wide, 25c., 35c. and 50c. yard.

Mercerized Yale Cloth, 30 inches wide, 35c. and 50c. yard.

Irish Linen, 36 inches wide, 35c. yard.

Fancy and Plain Dimittes, 30 inches wide, 15c. to 50c. yard.

Persian Lawn, 30 inches wide, 25c. yard.

French Mull, 30 inches wide, 35c. yard.

EMBROIDERIES, from the modest edging to elaborate skirt widths, ranging in price from 5c. to \$1.

Laces in Val, German Torchon, Point Anglaise, Point de Paris and Cheny. Match edgings and insertions various widths. Prices from 1c. to 50c. yard.

The store is given up to the White Goods. Come now while stocks are full and choosing easy.

D. HUNT & SON

COAL OIL TORCHES.

A Tobacco Grower Wants to Know How to Prepare Them For Use in Killing the Tobacco Moth or Fly.

Editor Bulletin:—I think your suggestion as to the use of coal oil torches for the destruction of tobacco flies good. Will you please give a more detailed statement as to the construction or purchase of these torches, and their use, or secure statement in detail from the farmer who has successfully used them? As I want this information with a view of using them, by giving it you will greatly oblige. A TOBACCO RAISER.

The editor of the BULLETIN will secure a detailed statement as soon as possible from the farmer in question as to his use of the torch last year. The BULLETIN was told he killed 600 moths in one night, and this plan will certainly greatly lessen the ravages of the worms. The aim should be to make the torches as bright as possible, so that the light will attract the flies. The use of reflectors with a second torch burning in front of them would probably be the best plan.

TOBACCO GROWERS.

Movement Inaugurated to Organize With Big Capital to Control the Price.

CARROLLTON, KY., March 4.—The Tobacco Growers' Association met here today, with eleven counties represented. The convention was called to order by J. M. Gaunt, who was elected temporary Chairman. Joseph H. Wright, of Shelby County, was elected Secretary. A Committee on Permanent Organization reported back the names of James M. Gaunt for President; Dr. I. W. McGinnis, of Henry County, for Secretary, and V. P. Craig, of Gallatin, for Treasurer.

Resolutions were adopted capitalizing the association at \$1,000,000, to be divided into shares of \$10 each. All tobacco growers are required to give bond that they will deliver their product to the association, agreeing to receive 50 per cent, of its value on delivery, the balance when sold by the association. The association has the right to sell in the open market or to manufacture. Farmers have the right to sell to any one, but in case they do they must pay the association \$2 per hundred for all tobacco sold that way. Organizers on salary are to be sent to

every county in the burley district, and when 20,000 farmers sign the contract the association will be incorporated.

CARD FROM MR. BLATTERMAN.

Former Superintendent Says He Was Sustained by the State Superintendent as to City Schools.

Editor of Bulletin:—I read in a recent number of the BULLETIN, which, it seems, undertakes to defend the city teachers because they do not hold certificates of competency, the following, which refers to myself. I have not the paper at hand. "The Board of Education, thinking that the County Superintendent was assuming more authority over the city teachers than he had a right to, wrote to the State Superintendent, who corrected the matter." Nothing can be farther from the truth. In the first place I always availed myself of the teachers at schools. I did send them notices of the time when the examinations would occur. In doing this I was acting in the discharge of my duty—under the "statute of the State, which provides that no one shall be entitled to teach any public school without first obtaining a certificate of qualification from the County Board of Examiners.

It was my duty to see that this was complied with. I found that a majority of the city teachers were teaching without a certificate. And to this extent the public, the tax-payers and the children were being imposed upon. I represented this state of affairs to the State Superintendent, who, at once sent me a "telegram," followed by a letter, calling attention to the law and saying, "this applies to all teachers." He could not do otherwise, because this was the *statute* of the State which both he and I were bound to observe. This is the plain state of the case. I know that I have been unfairly criticised and one teacher wrote me a very insolent letter, but I was sustained by the knowledge that I was acting under the provisions of the statute.

While you went into such extacy over Miss Wood because she held a certificate of qualification, why not mention Mr. Hayes Thomas, who has presented himself every fourth year before the County Board of Examiners for examination and received a first-class certificate of qualification? If he understands the law, I could wish much more, but this is sufficient. Respectfully,

G. W. BLATTERMAN,

Atlanta, Ga.

In the first place Mr. Blatterman is entirely wrong when he assumes that the editor of the BULLETIN has undertaken to defend the teachers "because they do not hold certificates." As to the statement in reference to the action of the State Superintendent, we gave that as our "information." That information was given by a member of the old board, and referred to the action taken by former State Superintendent Pickett as to our city schools.

This Cold Snap

Will give us the advantage of selling and gives you the advantage of buying the best of Fall and Winter Suits we have in stock at a discount of 20 per cent. from our regular price.

THE HOME STORE.

FORTUNES IN OIL!

Kentucky just now is attracting prospectors from all over the land. The wells already sunk prove it a very rich oil producer. MONEY INVESTED NOW MAY DOUBLE OR QUADRUPLE IN LESS THAN A MONTH.

Our holdings consist of about 5,000 acres in Wayne County, near the great Sunnybrook field, about 6,000 acres in Lincoln County, and 600 acres in Licking Valley in Bath County, close up to Ragland. Our first two wells near Ragland are producers. We have started to drill in all three counties, and expect to strike oil in every well. We are still acquiring valuable lands in addition to those already secured, and lying in close proximity to the greatest developments in the State.

A limited amount of the treasury stock will be sold, at \$5 per share, par value of shares \$10 each. This stock will, we confidently believe, be selling for par in thirty days.

Judge Thomas R. Phisler, Pres. Judge Mat Walton, V. Pres. Dublin Moss, Secretary.

The snow storm was general throughout the Ohio valley. The total fall here amounted to 8.9 inches.

A bill is pending in the Legislature to allow Fiscal Courts to issue bonds to defray the expenses of building court houses and improving county buildings.

Baby's Coming

McDonald, Ga., July 18, 1900.

I advise every suffering woman to take Wine of Cardui. While I was going with my other children I was compelled to stay in bed for days at a time, but this time I have taken Wine of Cardui and The Lord's Black Draught and have been able to go to all my work without any trouble. I am expecting every day to be born and confined. My husband thinks Wine of Cardui is the best medicine in the world. He takes a dose of The Lord's Black Draught every night and gives some to the children. He has not lost a day from work this year. He tells his friends about your wonderful medicines and I tell my lady friends to use your Wine of Cardui.

Mrs. GEORGIA LEE.

WINE OF CARDUI

There are thousands of women who shrink in terror at the thought of the baby's coming. But childbirth is one of the workings of Nature and it was not intended to imply torture and agony to the heroic mothers of the race. The woman who suffers torture during pregnancy and at childbirth has usually, by some individual which makes her a woman. Neglect of menstrual irregularities leads to ovarian pains, falling of the womb and leucorrhœa, and the period of pregnancy is necessarily distressing under those conditions. Wine of Cardui will regulate the menstrual function perfectly and eventually make the generative organs strong and healthy. Pregnancy and childbirth have no terrors for the woman who takes this pure Wine. A strong healthy womb will bring its precious burden to maturity with little or no pain. A healthy woman need not fear childbirth. Wine of Cardui completely cures all these troubles familiarly known as "female diseases" and equips the sensitive generative organs for pregnancy and childbirth. It will save any mother much pain and suffering. All druggists sell \$1.00 bottles.

For advice and literature, address, giving symptoms, "The Ladies' Advisory Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

Rogers & Co., 127 Market street, where you will find old Bourbon and rye whisky, apple and peach brandy, California brandy, malt gin, California port, sherry and Madeira, K. I. sweet Catawba and dry Catawba wines &c. We guarantee all of our goods to be strictly pure.

TOOK HIS LIFE.

Sad Death of Judge L. F. Walther, of Georgetown, O.—Worry Over Financial Losses Given as the Cause.

GEORGETOWN, O., March 5.—Judge L. F. Walther, formerly Probate Judge of Brown County, committed suicide early this morning by hanging himself in his palatial residence in the outskirts of the city. Judge Walther was one of the largest tobacco growers in this section of the country. It is said that reverses in the tobacco business of late and the failure of his crop caused despondency. Judge Walther was one of the most prominent Democrats in this part of the State, having been a leader in Democratic politics both in this city and Higginport, where he was born. The dead jurist had a large circle of friends in Higginport and the news of his death was a shock to the entire community. A wife and two children survive. The dead man's only brother lives in Mayville, Ky., while several distant relatives still reside in Higginport.

The sad news of Judge Walther's death was received here early Wednesday morning by his brother, Mr. C. A. Walther, who left at once for Georgetown. Judge Walther visited here last week. Though apparently in his usual vigorous health, he complained, in conversation with an old schoolmate, of having suffered from sleeplessness for some time, and was in a despondent and moody condition. That evening, the local correspondent of the Cincinnati Enquirer, received a telegram from his paper, inquiring as to Judge Walther, and saying it had information he had attempted suicide previous to coming to Mayville, and asking for the facts for an exclusive article on the subject. The information could not be given and the article never appeared.

Judge Walther's trouble, it is learned, resulted from heavy financial losses on investments in leaf tobacco. He served two terms as Probate Judge of Brown County. The office paid about \$3,000 a year. Investments in tobacco had also yielded a handsome profit and he retired from office with a comfortable fortune. Like many others he continued to invest in tobacco, the market went the wrong way and he saw all his estate swallowed up in the decline. Worry over his misfortune, and nights of consequent sleeplessness had no doubt temporarily dethroned his reason, with the sad end as recorded above.

A man of handsome physique, courteous and affable in his disposition, ever kind and gentle in his consideration of others, he was one of the most popular men in his county. He was an enthusiastic Democrat, and it is said he could have had most any office in the gift of the people of his county. The distressing news of his sad death will be learned with sincere sorrow by his friends everywhere.

The funeral takes place to-day.

A Memphis paper announces the marriage, at that place last Thursday, of Mr. Frank H. Spencer and Miss Azilea Farley. Mr. Spencer is a Mayaville boy, and is a brother of Mrs. Pearl Blythe.

A 1 "Trinket" cigar.

Mr. O. H. P. Thomas continues to improve.

For fresh oysters and fish call on Biagiotti & Co.

For chapped and rough skin use Ray's Edelweiss Cream. It is guaranteed.

The Court of Appeals has granted defendant until May 15th to file transcript in the Thacker murder case.

Mr. Louis Schumacher, of Johnson Station, has delivered his last year's crop of 14,000 pounds of tobacco at 7 cents around to Campbell & Rhodes, of Elizaville.

Robert Tally and Miss Lutetia Ramey, a Fleming County couple, were married last night at the Kentucky Hotel by Elder R. E. Moss. It was the groom's second marriage.

A couple of fine heifers valued at \$100 and belonging to Mr. Will Robinson, living near Mayslick, were feeding from a straw stack when it toppled over on them, smothering them.

The incoming L. and N. train Wednesday morning was stalled twice in snow drifts this side of Carlisle and reached Maysville over an hour late. The freight train came in several hours behind time.

Major Isaac Shelby, of Danville, has announced the engagement of his daughter, Miss Laura Blackburn Shelby, to Mr. George Kingsland Fisher, of St. Louis. Miss Shelby is a great-granddaughter of Isaac Shelby, the first Governor of Kentucky.

The grand jury in the Bath Circuit Court failed to indict Charles T. Stone and William Shrout, prominent Republicans, who were charged with preventing men from voting at the last November election. This charge has caused much feeling in that section.

The case of Ross, &c., against Sharp and others was decided Wednesday in favor of plaintiffs. Col. Breckinridge, of Lexington, Hon. W. H. Mackay, of Covington, and Mr. Province M. Pogue, of Cincinnati, were among the attorneys from a distance engaged in the case.

The Young Ladies' Catholic Club of St. Patrick's donated \$20 in gold to the Knights of St. John for their memorial fund. The Knights started this fund for the purpose of erecting a monument to the memory of their late spiritual director and pastor, Rev. J. B. Gorleux, and have now about \$100 in the fund.

The Paris Gazette pays this tribute to Rev. Father Hickey, of Mill Creek: "Father Hickey is one of the most lovable of men. No one has ever been thrown with him without feeling himself in the presence of a pure man, one that held above all other things the duty he owed his Maker. For several years Father Hickey's friends have noticed his gradual decline and felt that they were soon to lose him. A life that has been so fraught with good deeds closes with the benediction of those who feel its influence."

The attraction, "R. R. Jack," at Washington Opera House Friday, March 7th, is one of those entertaining comedy-dramas. The story of the play is founded on certain phases of every-day life that touch the heart-strings and call largely upon the pathos of our natures. The play throughout abounds in telling situations, which are heightened by realistic scenery and thrilling climaxes. The language is said to be excellent and construction considerably above the regular order of melodramas. During the action of the play a number of high-class specialties are introduced. Seats now on sale.

.....

A Memphis paper announces the marriage, at that place last Thursday, of Mr. Frank H. Spencer and Miss Azilea Farley. Mr. Spencer is a Mayaville boy, and is a brother of Mrs. Pearl Blythe.

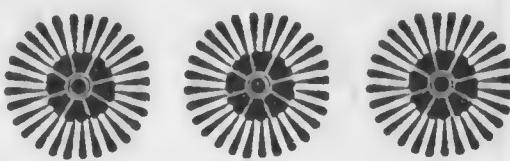

WEATHER PREDICTION FOR TO-MORROW!

These forecasts, which will hereafter occupy space in our advertisements, are based on the official telegraphic report received each morning by the local observer, and will be found correct, so far as the Bureau is able to predict. The illustrations are from drawings designed to make the service an attractive feature of our announcements. Look here daily for an interesting pictorial representation of the various

PHASES AND FREAKS OF THE WEATHER!

Spring

Goods are gravitating our way—lots of 'em. New things came in to-day; more will come to-morrow. We've a large quantity of American Woven Wire Field Fence that ought to make room for recent arrivals, consequently we have determined to name inducements that will make the fence question an interesting subject for farmers the next few weeks. Come in and talk it over with us.

FRANK OWENS HARDWARE COMPANY

DON'T GO IT BLIND.

There's No Need To in Maysville—The Way is Almost Heded With Guide Posts.

Have you ever read a newspaper article, a glowing account of some incident told in elueive words to lead you on, and found it ended up with a proprietary medicine advertisement. Made you mad, didn't it, and were you convinced of the merit of the article? We think not, because it told the experiences of some stranger in a far-away town; to take his word for it was like "going it blind." It's a very different thing when a statement is prescribed from a citizen, from people we know, and that's the case here.

Mr. W. L. Nicholson, of 14 Court street, employed by Russell & Sons, grocers, says: "The use of Doan's Kidney Pills by anyone who does much riding will help an aching back so quickly he will wonder greatly at the prompt and effectice riddance of the trouble. I procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, on the advice of a friend, and the results obtained were so satisfactory that it is a pleasure to recommend the remedy to others whenever opportunity is offered."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

Mr. Warren Oder's friends are glad to learn he has secured a fine position with a firm at Brooksville, Ind., as stenographer.

Knights Templars' Social.
The fourth entertainment of their series will be given by Maysville Commandery No. 10 this evening at the Masonic Temple. The feet of the dancers will be inspired by the melodious strains of the Maysville Orchestra. The attendance promises to be the largest of the season as quite a number of visitors will be present. It is safe to say that the event of this evening will not detract from the reputation for hospitality which Commandery No. 10 has acquired. The festivities will begin at 8 o'clock and continue until late in the night. Sir Knights will appear in full dress uniform, except the sword.

The Harrodsburg Democrat says there are ten thousand barrels of corn stored away in Mercer County waiting for the high price that growers think will certainly come before next fall.

"The Minister's Son."

There is probably no class of plays today as popular as the realistic pastoral play—a play that does not depend on sensational effects to prove its merit. "The Minister's Son" fills all the requirements of this class; it is quaint and original, with a blending of pathos and comedy that appeals to the heart. Such plays are rare indeed in these days of stage effects. Mr. W. B. Patton is a comedian of merit, and has secured the ideal fitting to his character work. A clever company surrounds this well-known artist. Washington Opera House, Tuesday, March 11th.

Chesapeake and Ohio reports earnings as follows for January and seven months, with comparisons:

| Month of Jan. | 1922. | 1901. | 1900. |

In some of the Swiss valleys the inhabitants are all afflicted with goitre or "thick neck." Instead of regarding this as a deformity they seem to think it a natural feature of physical development, and tourists passing through the valleys are sometimes jeered by the goutrous inhabitants, because they are without this offensive swelling. Thus a form of disease may become so common that it is regarded as a natural and necessary condition of life. It is so, to a large extent, with what are called diseases of women. Every woman suffers more or less from irregularity, ulceration, debilitating drams, or female weakness, and this suffering is so common and so universal that many women accept it as a condition natural and necessary to their sex. But it is a condition as unnatural as it is unnecessary. The use of Dr. Pierce's Favorite Prescription strengthens the delicate womanly organs and regulates the womanly functions, so that woman is practically delivered from the pain and misery which eat up ten years of her life—between the ages of fifteen and forty-five. "Favorite Prescription" makes weak women strong and sleek women well.
